

MLK COMMUNITY SERVICE AWARD CANDIDATE NOMINATION

The Community Service award is given annually to an individual, group, or organization based on the nominee's accomplishments achieved through voluntary community service and the impact of that service on the surrounding community. Consideration is given to special qualities demonstrated by the nominee and the nominee's partnerships while performing community service, and the nominee's ability to engage others in community activities and partner with agencies. The frequency of the activity as well as the length of service will also be considered. Preference will be given to community service performed locally; however, service performed elsewhere will receive consideration.
